After being done with the questionnaire  
Click on “Dashboard” - “New Live Account” to open a Trading Account .

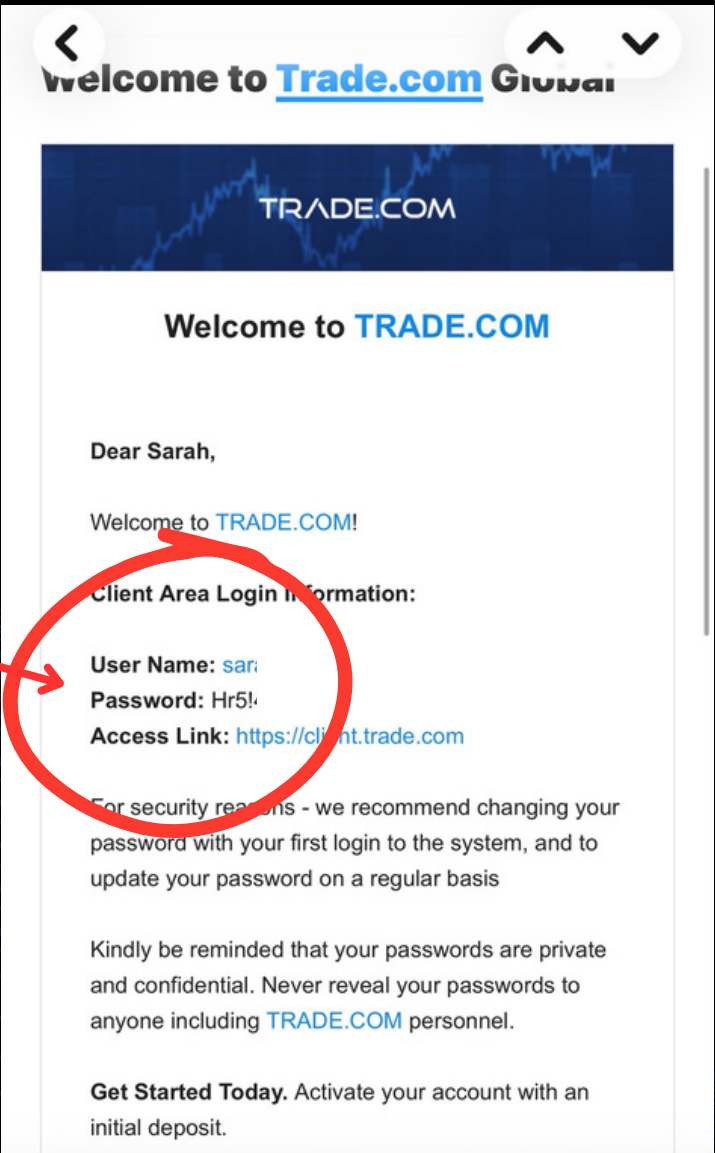

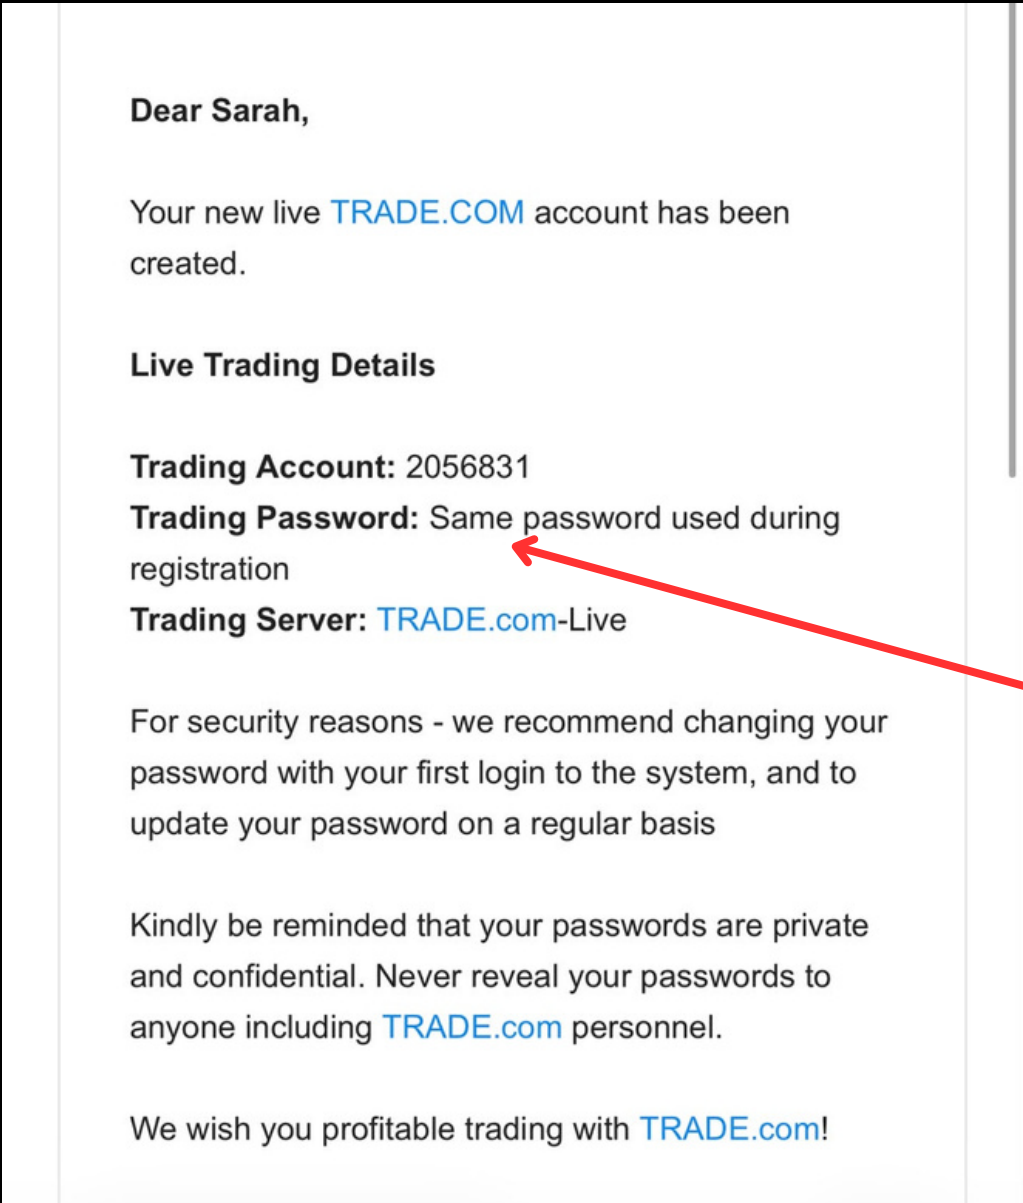

# Create Trading Account

Choose MT5 Live CFD & USD

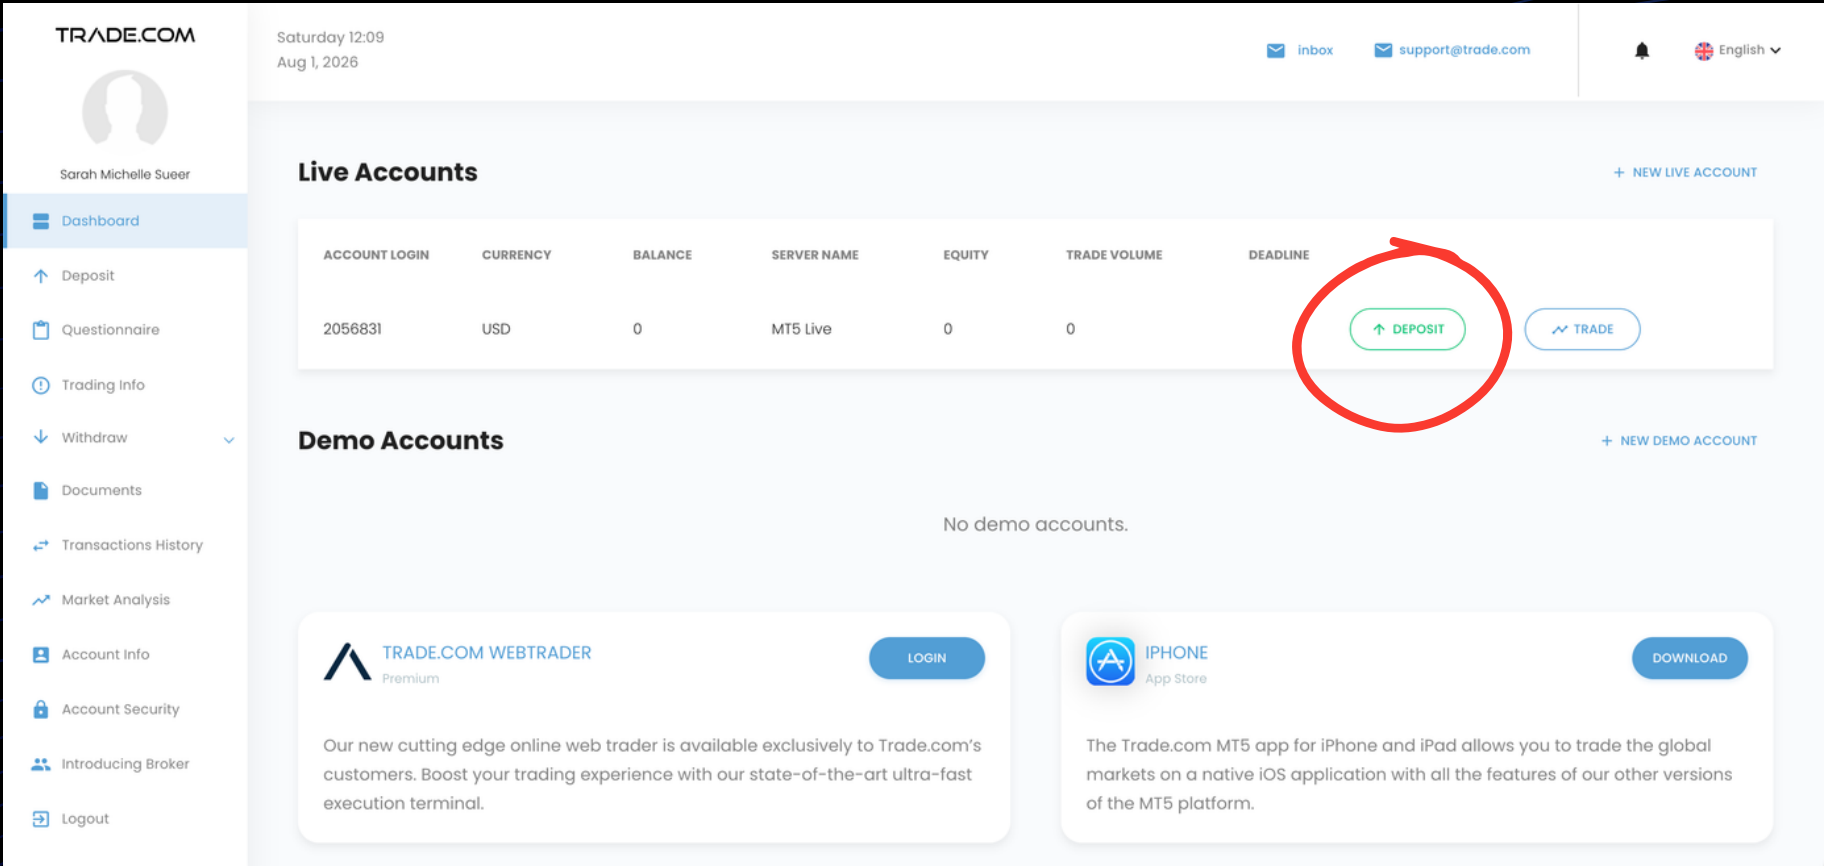

Soon after you should receive an email with your Trading account details

The password is the same as the one you got in the mail earlier, when you created your Trade.com account

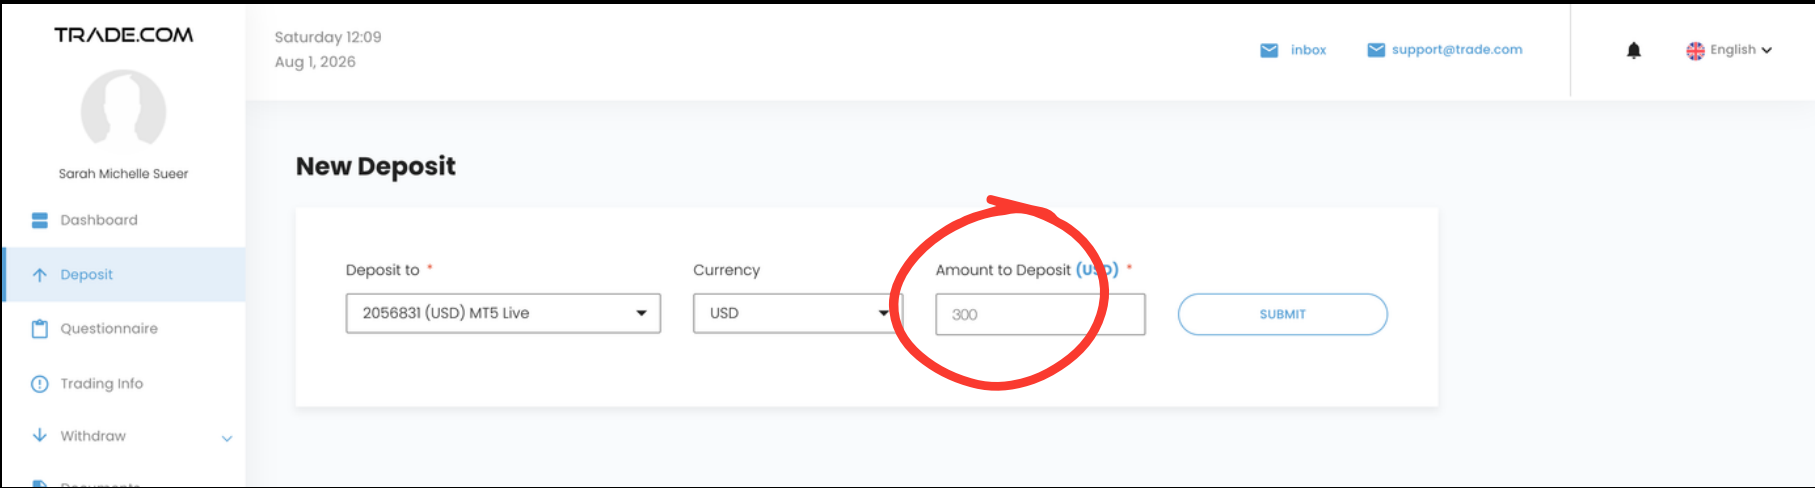

# Fund your account with the minimum amount required for the strategy you want to connect to

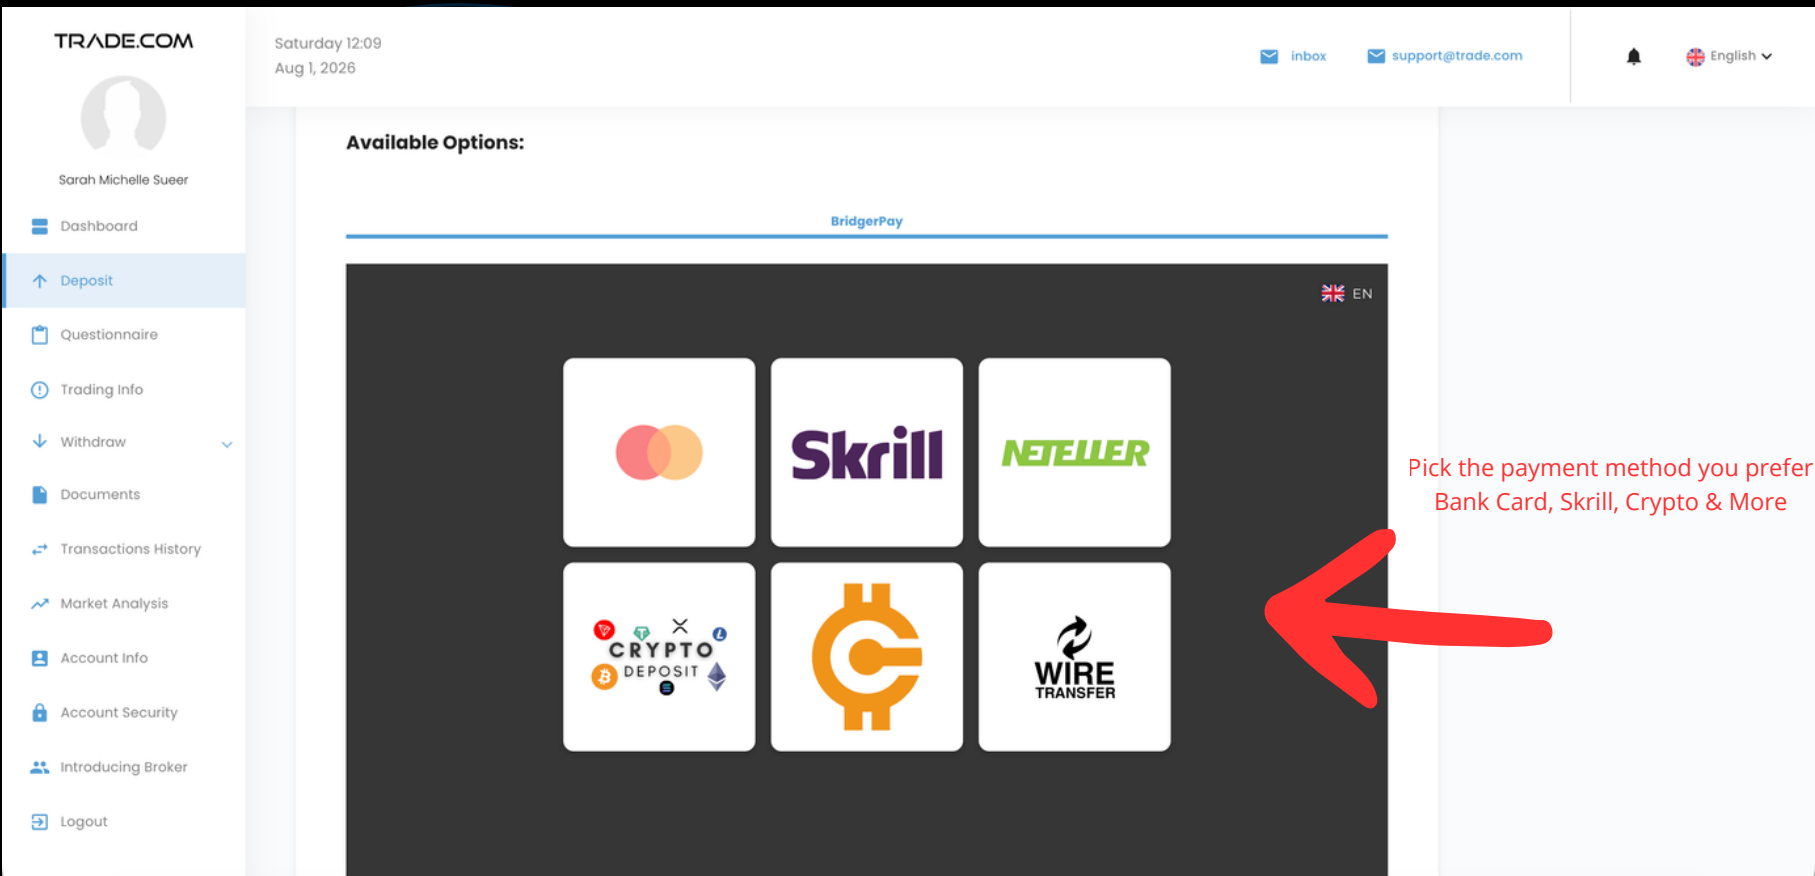

Go to "Dashboard" go to the account you just created and click on "Deposit"

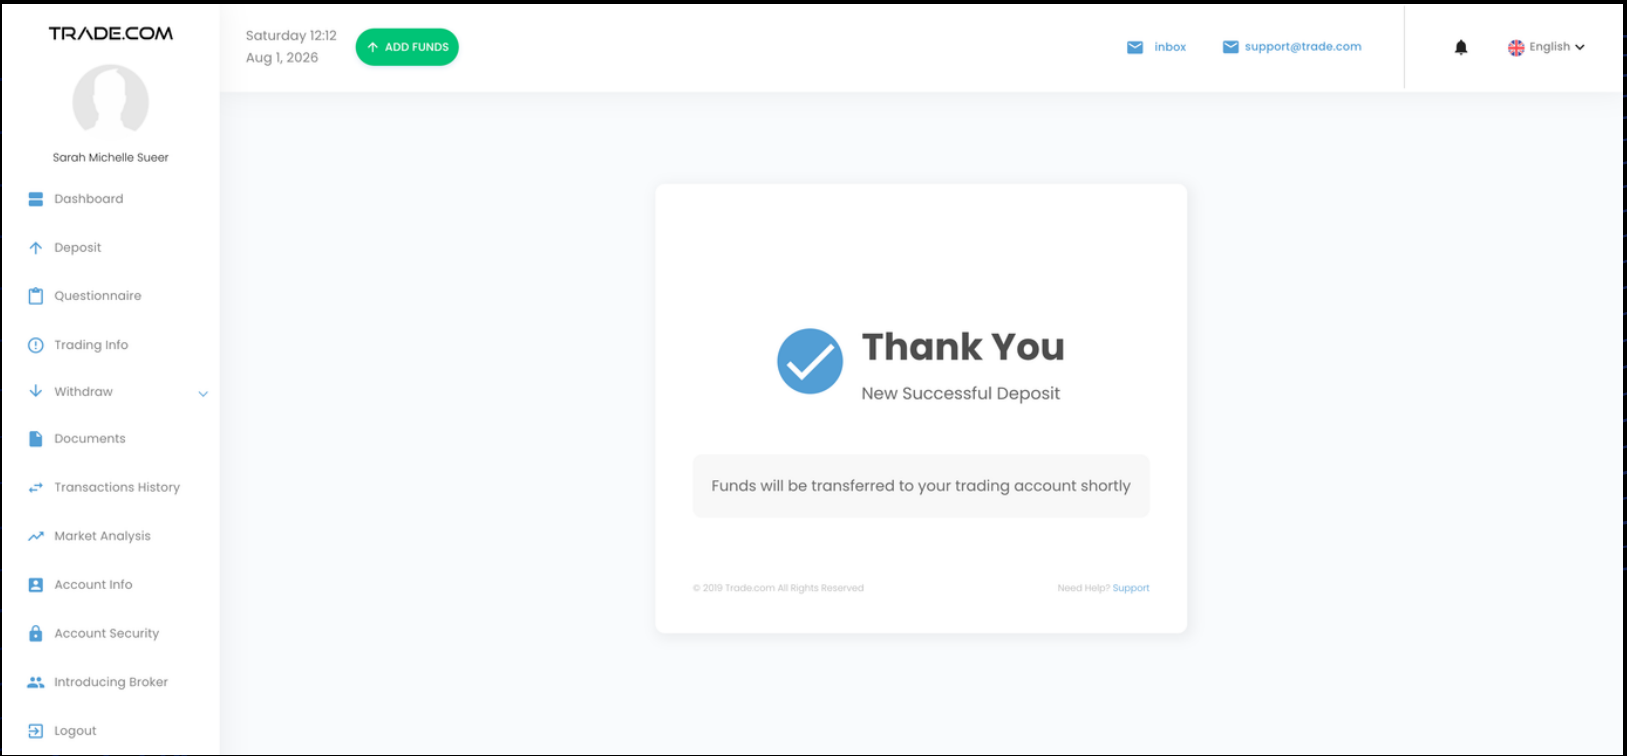

fund your account with minimum \$300  
(\*IMPORTANT always add \$5 when paying with crypto because of fees)

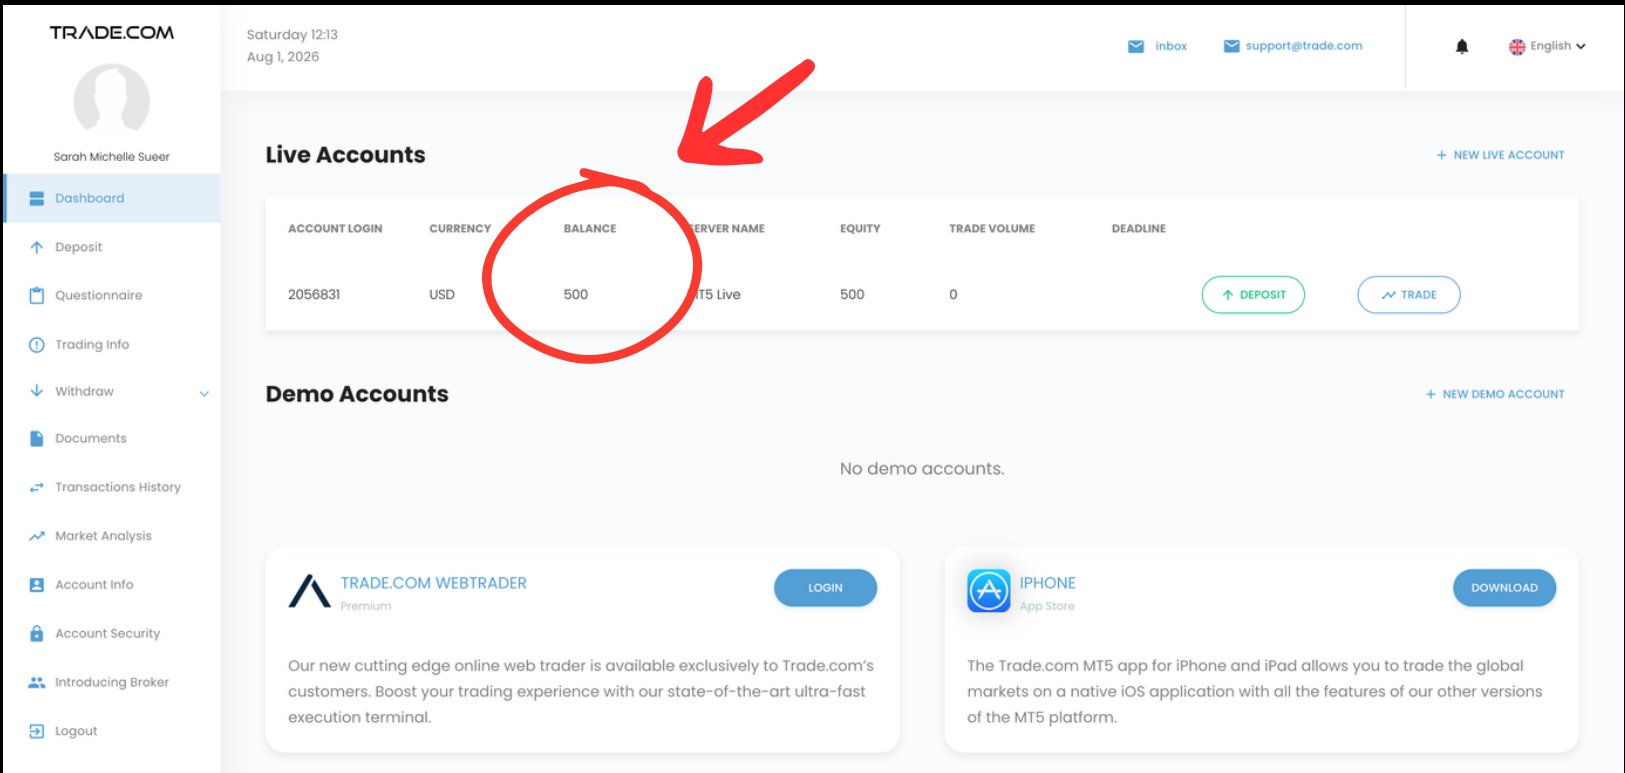

PLEASE NOTE: For better risk management, we recommend starting with \$1,000 or more.  
Lower deposits involve higher risk and are used at your own discretion.

# Payment completed

You should now see that your account is funded.

# Prove your identity

In forex/cfd trading, you need to prove that you are yourself.

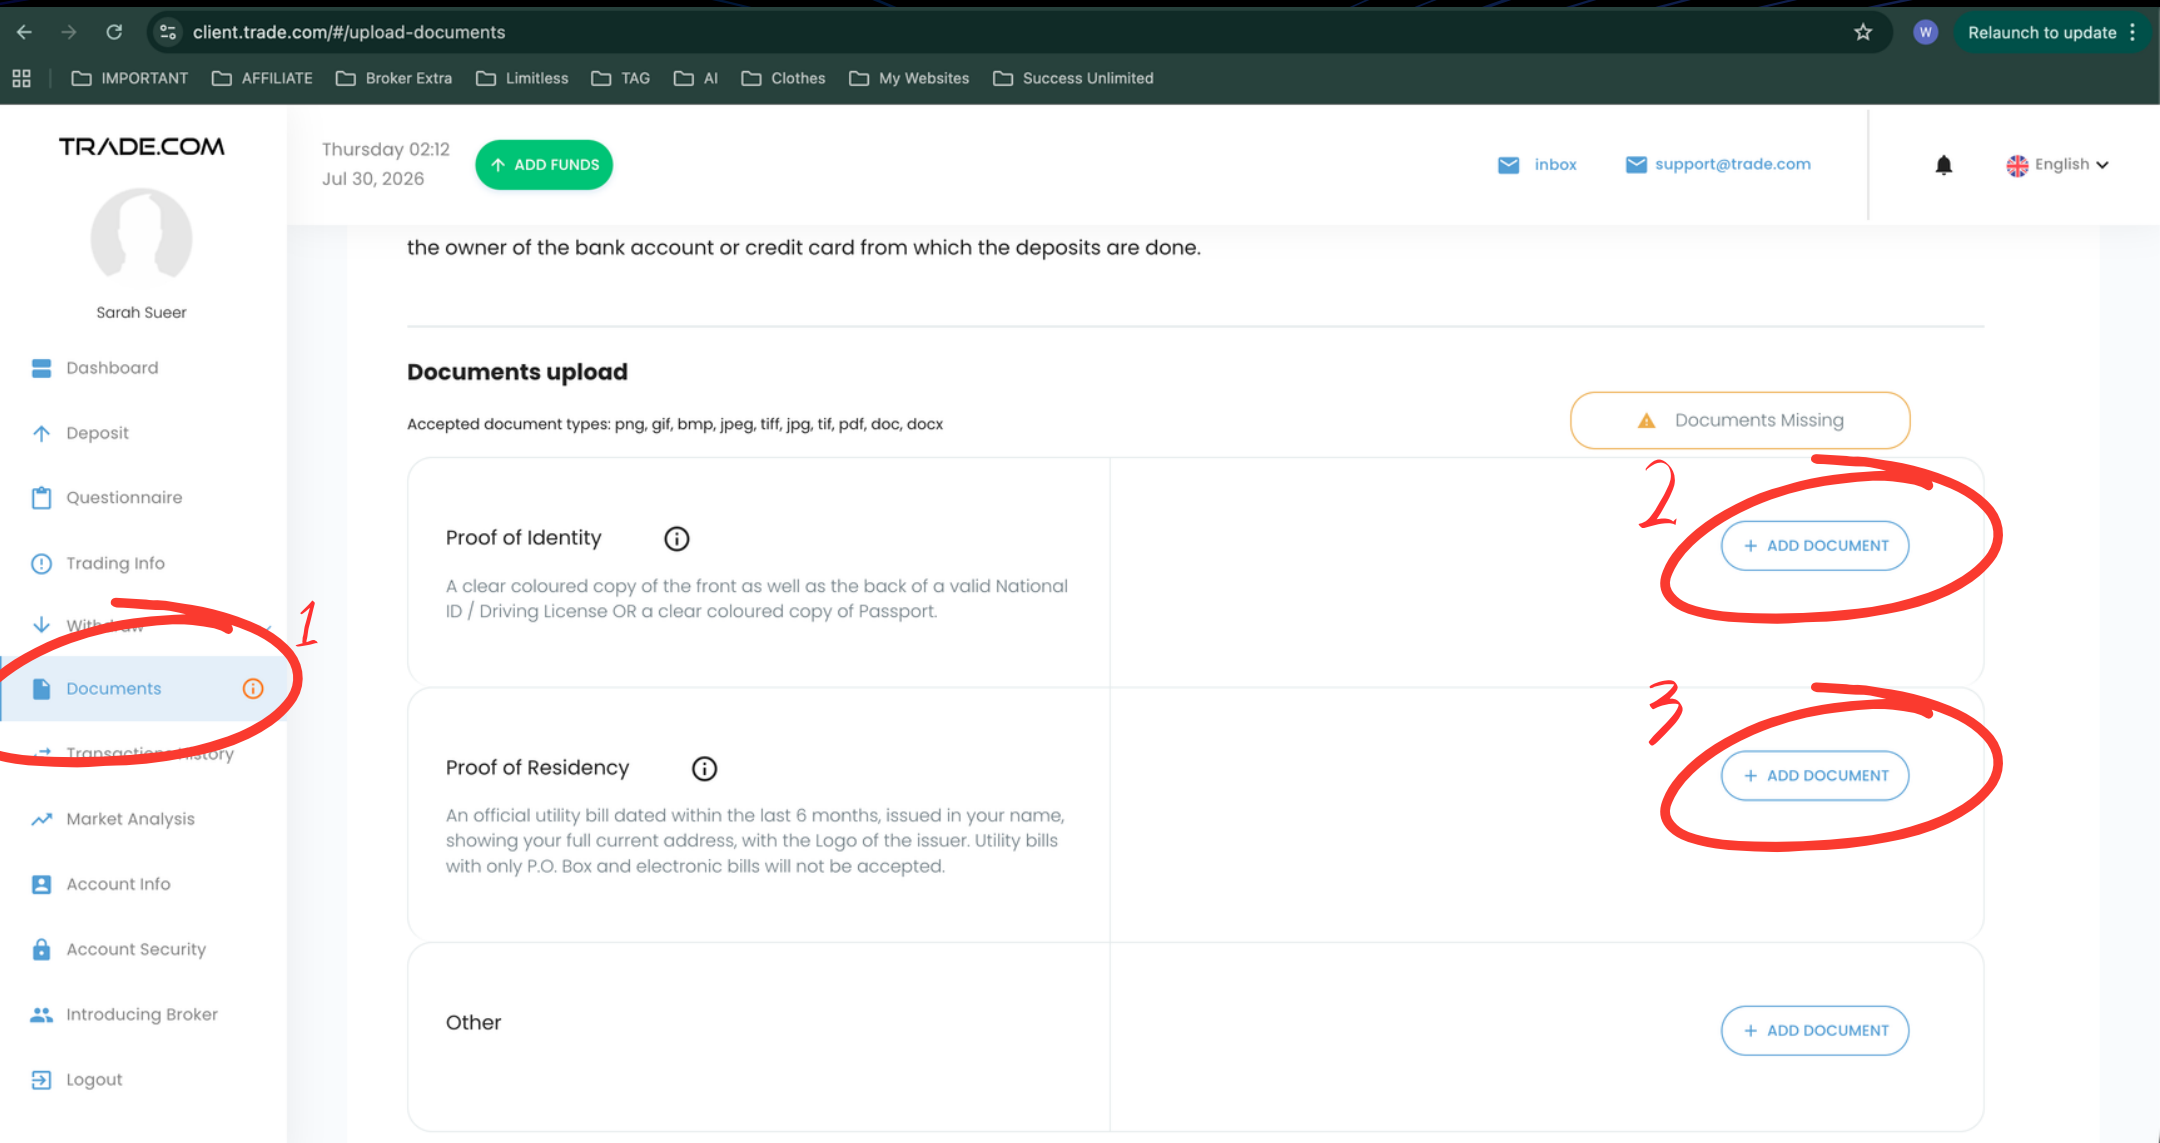

This is called a KYC (Know Your Customer). And is usually ID verification and proof of address.

Also make sure to confirm  
POA (Proof of address)

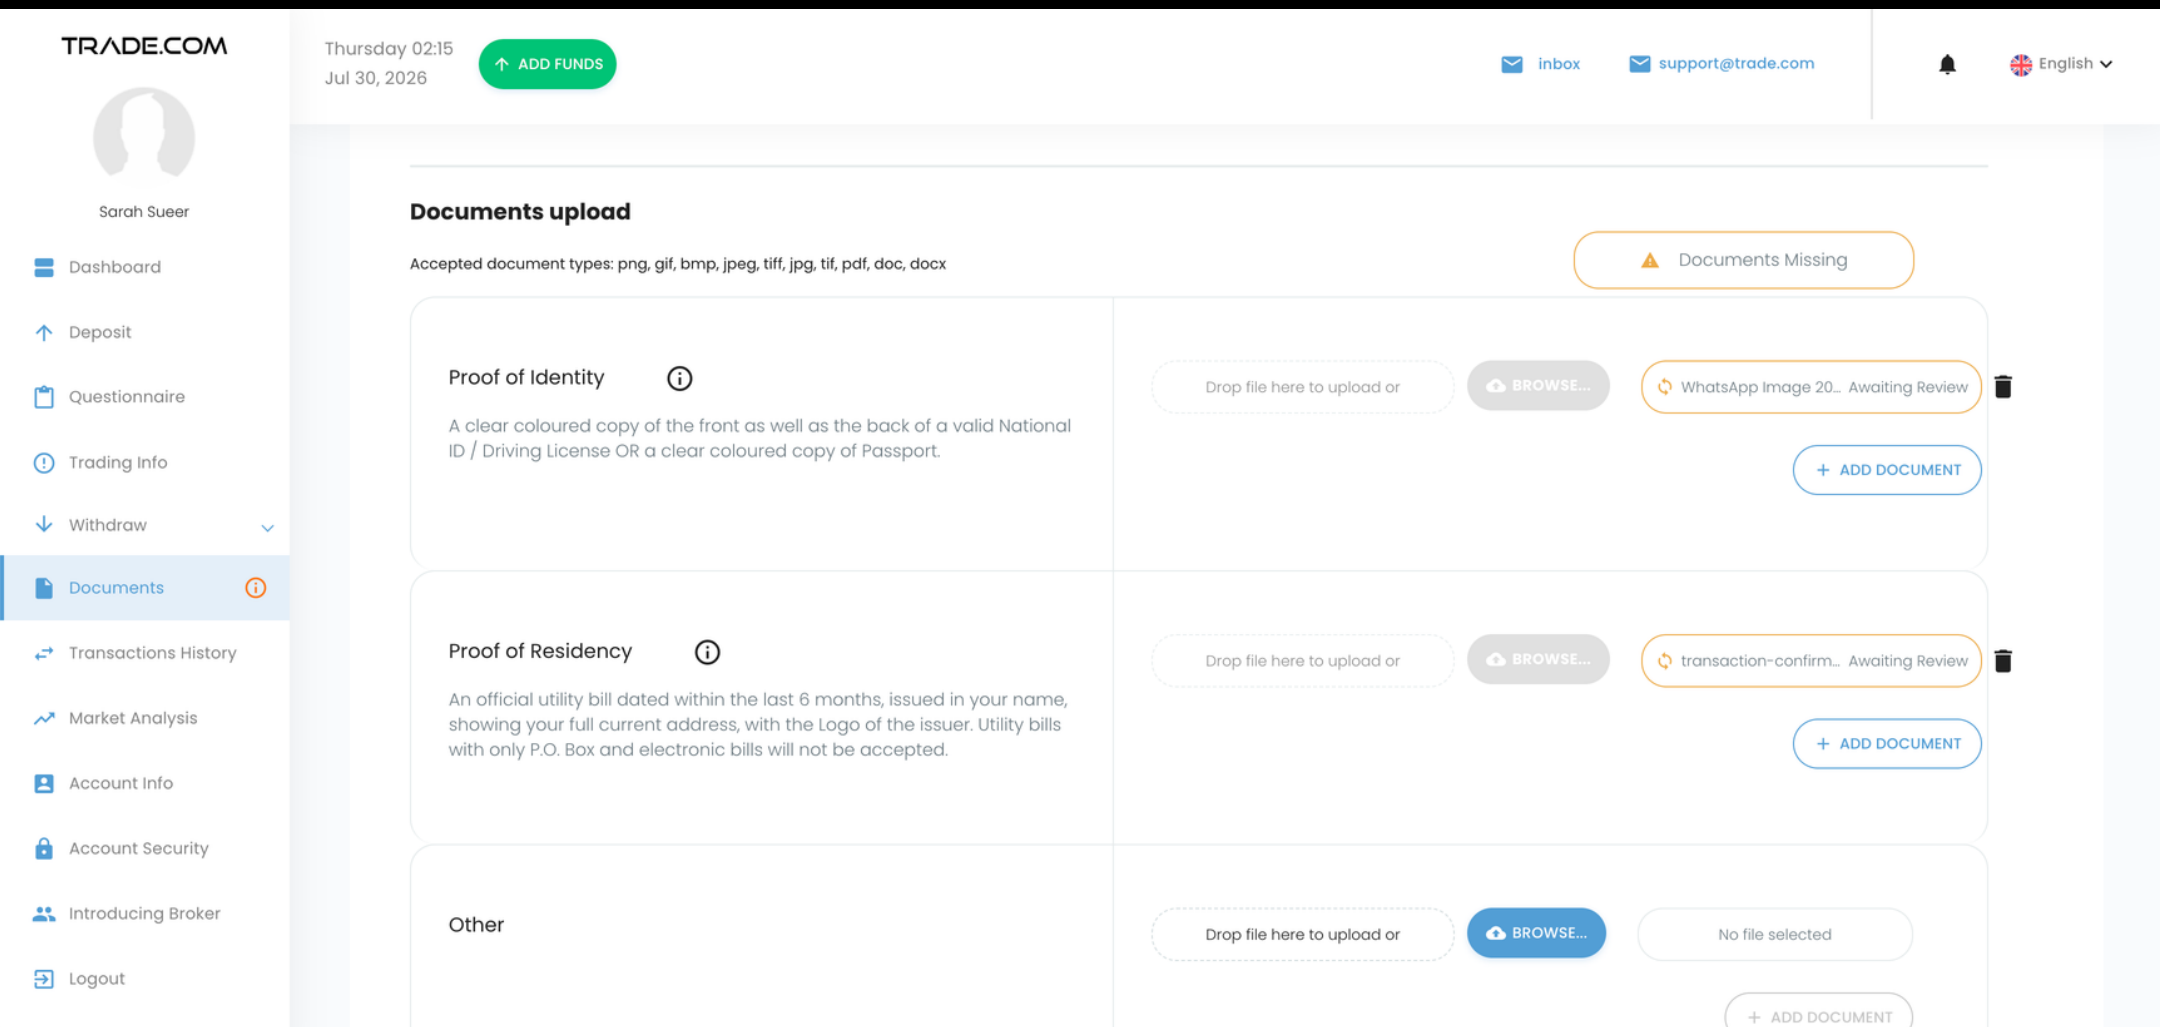

# Verify your account

Click on “Documents”  
Upload a picture of your ID and Proof of Address  
“Others” you can leave blank

You are now finished with the verification process

# DOWNLOAD METATRADER5

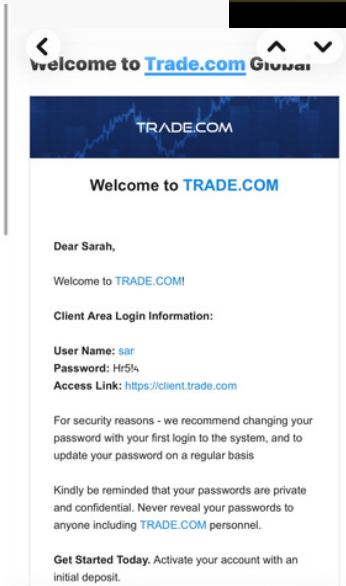

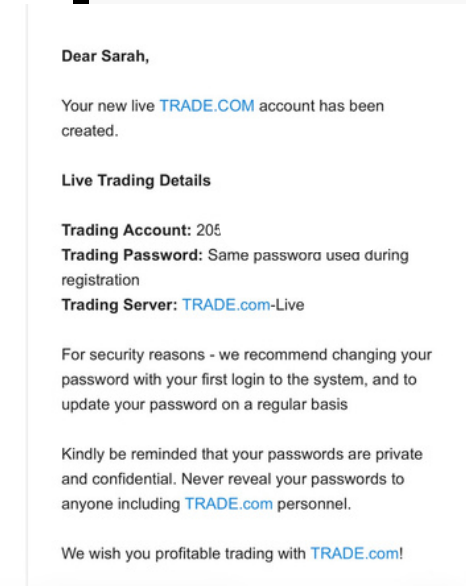

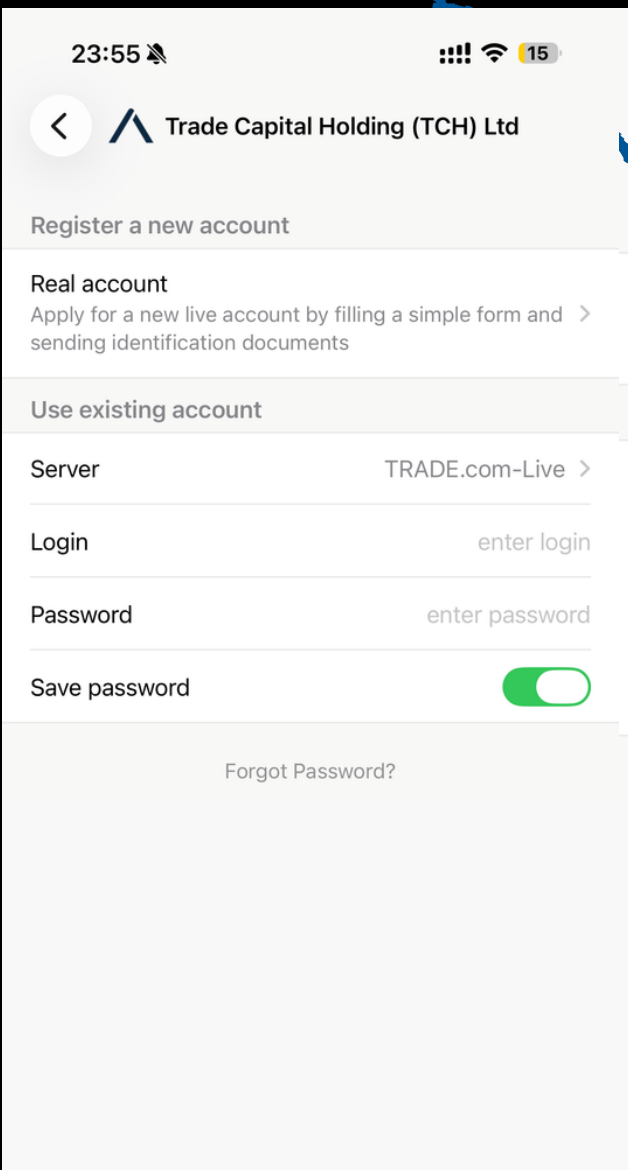

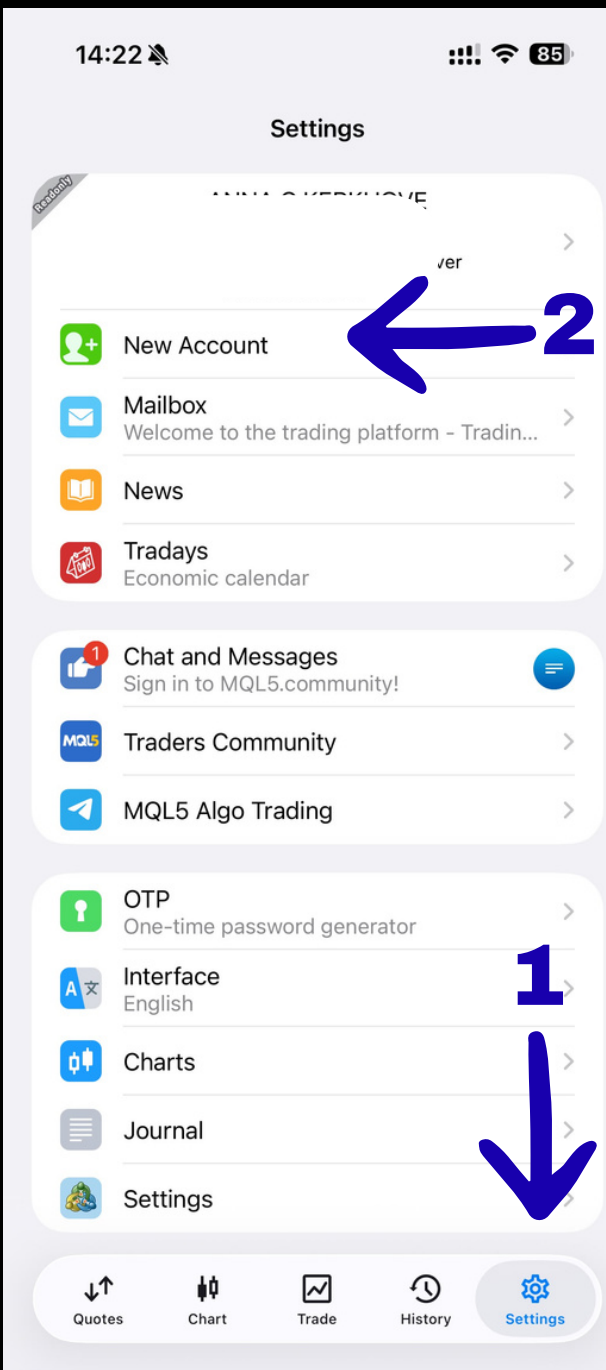

on your phone, to follow along with your results

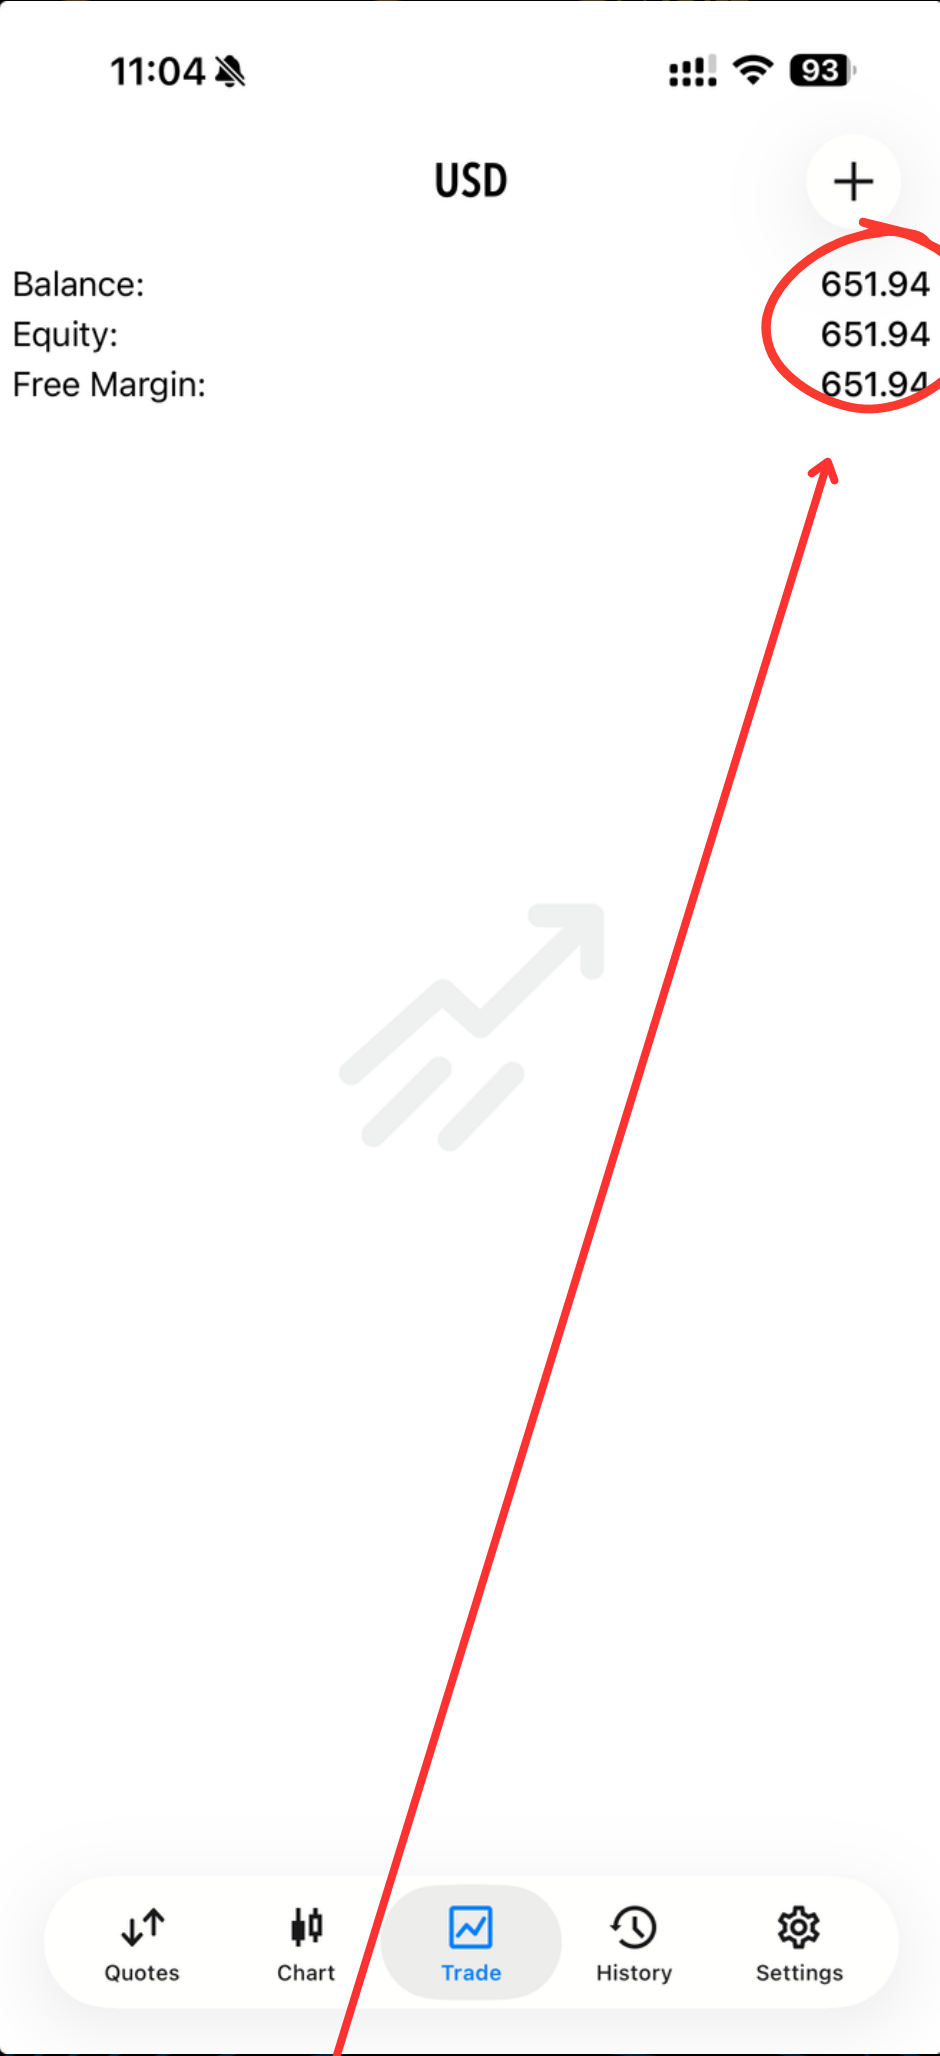

After downloading  
Click “Settings” - and  
then “New Account”

Search for Trade.com  
and Click the one  
shown on screen

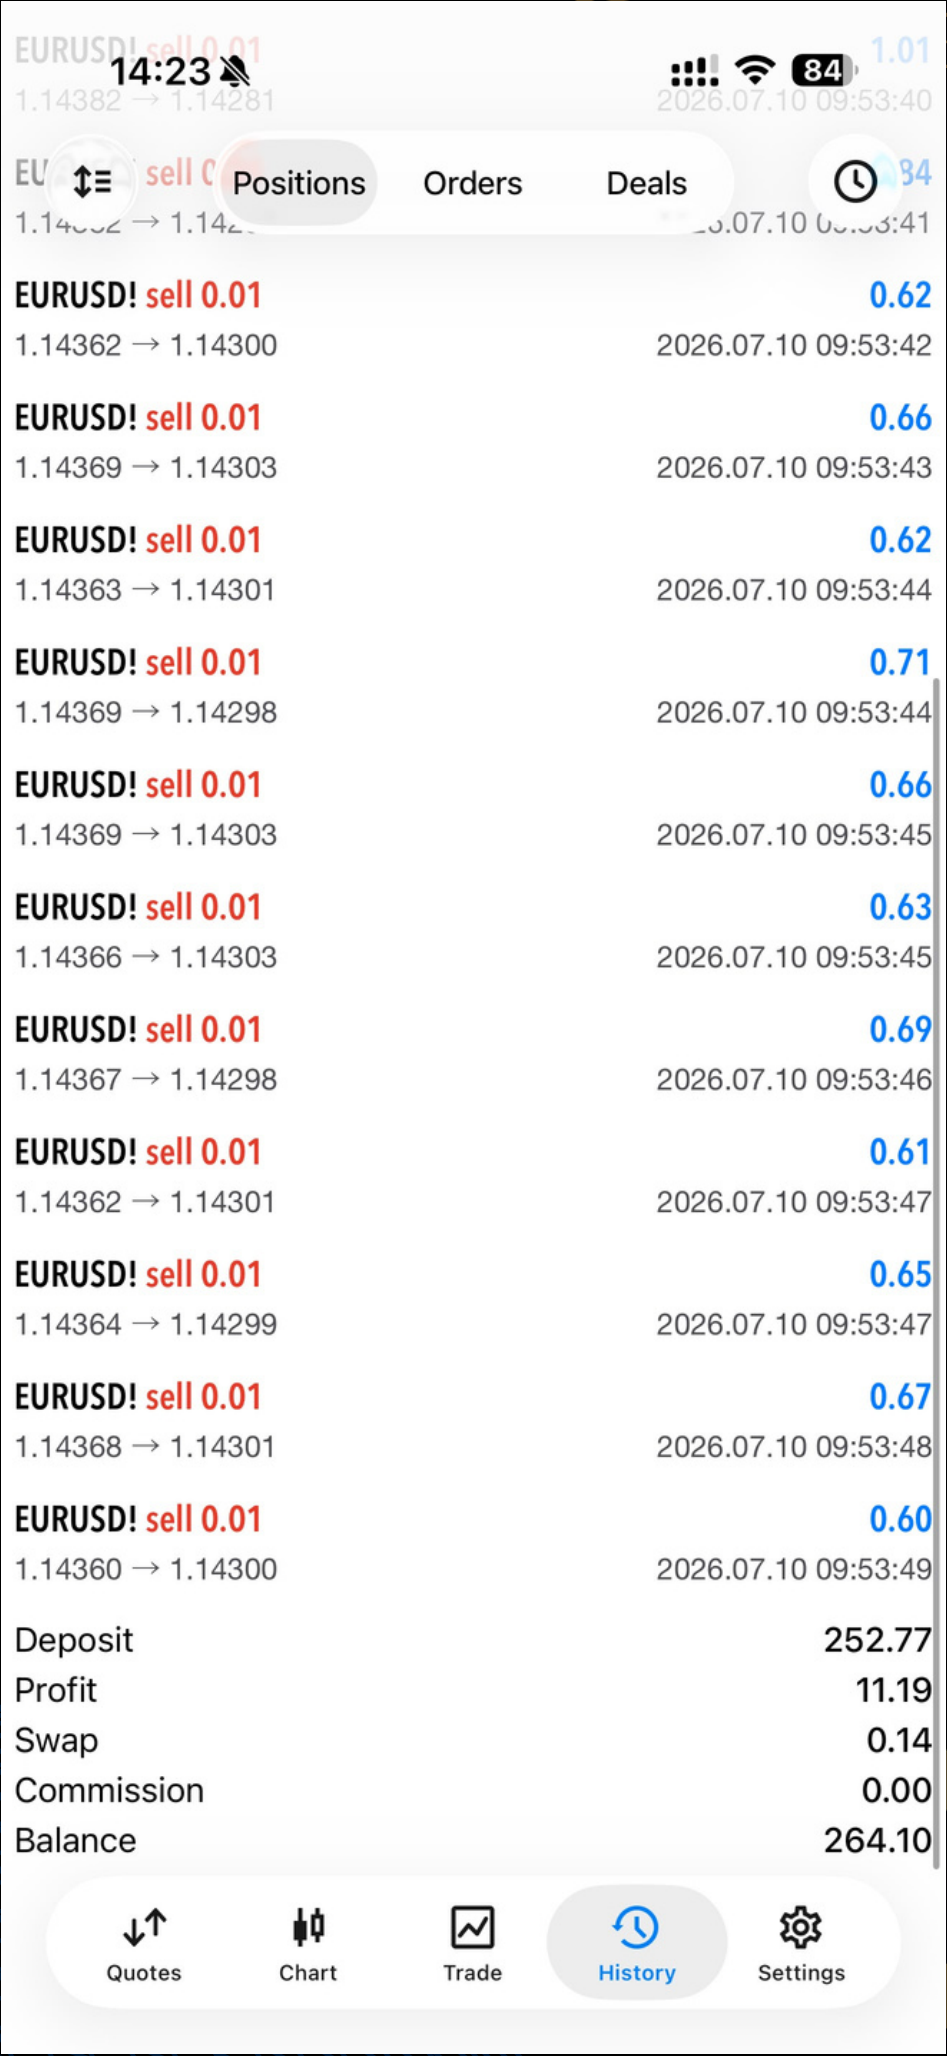

Fill in your Account number as  
shown in your mail as “Login”  
& the password you created

# FOLLOW ALONG THE PROCESS

You are not all set and should see the deposit amount here.

In the “Trade” section you will see all active trades & in the “History” Section, you can see all Finished Trades, and the Profit made on your account.

# You are now all set!

You can now connect to the copier
